Regarding the 5 RFAI"s from 4/21/2015.

Two topics were essentially addressed. One was whether or not the allocated expenses for manpower fell under the proper guidelines to allow a transfer and the second was a balance issue.

Addressing the FEA transfer issues, ALL so called employees are contractors and do NOT spend more than 25% of their time

on FEA related work. Hence the allocation would be permissible.

Second issue was regarding the discrepancy in balances dating back to June of 2014. An error was discovered and all reports from that point have been amended to reflect the correction.
